

## Finding a Select Health Network provider is simple.

1. Visit our website [www.selecthealthnetwork.com](http://www.selecthealthnetwork.com)
2. Click on **FIND A PROVIDER** in the upper right corner.

3. Choose your employer's name or insurance company from the dropdown box.
4. You may choose "Select Health Network" from the employer dropdown if you are doing a general search not related to a specific employer or insurance.

### Find A Provider

**Step 1 - Choose your Employer or Insurance Company**

Select Your Employer

Employer

5. If you are searching for a primary care provider, click on the box next to "Show only providers able to serve as Primary Care Physician (PCP)".
6. If you are looking for a provider that is accepting new patients, click on the box next to "Show only providers who are accepting new patients".

**Specialty**

Show only providers able to serve as Primary Care Physician (PCP)

Show only providers who are accepting new patients

**Practice or Facility Name**

*Start typing to see options*

7. Complete the search fields and click on the **FIND A PROVIDER** box at the bottom of the page. You do not need to complete every field in this step. Completing too many fields may narrow your search too much.
